Metal Locking Service  
216 Colgate Avenue  
Buffalo, New York 14220

Gentlemen:

I would like to take this opportunity to thank you for the extraordinary and expeditious repair service and deliveries you provide to Cameron. Since taking over the responsibilities as Casting Buyer, there have been an abundance of repairs that have required quick turnaround time and Metal Locking has been very accommodating. I have all the confidence and respect for the work that Metal Locking has supplied to Cameron. The replacement cost and delayed delivery for a new casting would lead to sever delays in production time and meeting the delivery dates of our customers.

Our future endeavors with Metal Locking will be mutually beneficial for us all in the future years to come. They are our primary repair vendor for all our castings.

Sincerely,

A handwritten signature in cursive script that reads 'Jennie J. Tuzzolino'.
